# 10<sup>th</sup> Dessau Gas Engine Conference

WTZ received positive feedback from all over the world regarding the last conferences, and so we are again delighted to hold this coming conference.

We have the pleasure of inviting you to the 10<sup>th</sup> Dessau Gas Engine Conference, which will take place in the city of Dessau-Roßlau on 6-7 April 2017.

## Papers are Invited for

- Advanced gas engine concepts
- All kinds of gas engines for transport and industrial uses
- Aspects of design and development of gas engines and their accessories
- Fuel gas injection, mixture preparation and ignition systems, engine design, control and monitoring, engine simulation and diagnostics
- Alternative gaseous fuels, incl. hydrogen, DME, LPG
- Reliability, experience during application

## Language

Conference languages are German and English. Simultaneous translation will be available.

## Exhibition

The conference will be accompanied by an exhibition which will give you the chance to present the products and services of your company. A timely registration will guarantee you the best possible location for your booth.
